

The image is a vintage-style poster. The top half features a sunburst pattern of radiating lines in red, teal, and cream, meeting at a central point. The word 'Montegrappa' is written in a black, elegant cursive font across the center of this pattern. Below the sunburst is a close-up, black and white photograph of an airplane propeller, showing the curved blades and the central hub with several bolts. The bottom third of the image is a solid teal background with the text 'THE AVIATOR DEN' in a white, stylized, 3D block font.

SYMBOL OF ACCOMPLISHMENT

Remember the feeling of receiving your very first quality pen? Perhaps it was to mark an occasion...a birthday, graduation or promotion. Remember the shimmer? The handle and flow? The box! Contained within lay the promise of untapped creativity and style. This was a tool to be reckoned with! As pens have evolved into instruments of choice, their symbolism has only grown in stature. Sacrifice and accomplishment feel more satisfying when a Montegrappa is there to remind you.

Montegrappa

COME FLY WITH ME...

Aerodynamic form and aeronautical detailing are the key components of a dynamic, light-body, aluminium pen sure to raise the pulses of flight fanatics.

Mock-riveted panels, landing gear and a nose cone are the most visible features of a fuselage offering soaring writing performance. A travel case modelled on vintage flight goggles gives aviators a perfect place to stow their favourite shades.
